

AFI
SOLUTIONS

Quite a lot can be represented in bits and bytes. For over 40 years, we have been converting business processes into software solutions and master almost all computer languages.

But the word "Trust" cannot be found in any of them. Trust cannot be programmed. It can only be earned.

we would like to earn your trust.

we
are **AFI**

We
are

.... process connoisseurs
and SAP® fine tuners

We have specialized in the implementation and optimization of paperless, digital document processes around SAP®.

Thereby, we have become process connoisseurs and document experts. Our solutions and add-ons refine SAP®.

The combination of the SAP® technology with our professional innovations leads to excellent solutions for our customers.

"In order to conceptualize an outstanding solution for our customers, I primarily need to know and understand the processes."

Thomas Förster, Head of Solutions

we
are

.... tradition and
progress

We have been well established within the IT sector since 1976 and have already made a difference. This experience is the foundation of our success.

We break new ground together with our customers. Every project has specific requirements which motivate us. This way, we have been learning something new every day for over 40 years.

Our vision: We already think today what you need tomorrow. We inspire with every new solution.

"Our customers particularly appreciate the combination of reliability and innovation."

Anja Henkies, Sales

We
are

.... a reliable
solutions provider

We provide our customers with professional know-how. Our store of knowledge from numerous projects and different sectors is firmly established in all of our products.

At times, our experts like to break conventional thought patterns to find a solution according to your individual requirements.

Not only do we want to come up to our customers' expectations, we want to exceed them.

*"Continuous development of our products ensures our customers' success."
Paul Gaweda, Head of Development*

we
are

.... your strong
partner

Stability and consistency distinguish us as an owner-managed and self-financed company.

With over 160 employees, we attend to over 800 customers. More than 150,000 users already confide in our solutions.

For us, joint success signifies to have good and long-term relations with our employees, customers, suppliers and partners.

"In our sector, nothing is as consistent as the daily change. To remain true to ourselves and to reinvent ourselves consistently is what makes AFI stand out."

Jörg Günther, Member of Board

**Strong
Solutions
for SAP®**

attentive

we
are

.... here for you

.... whenever and wherever you need us.

This is effective from the introduction of the solution – via the training of your employees and users – through to the customer center as well as the support.

In order to accomplish this, there is no all-round carefree package but our own high standards to always listen to our customers.

*“It is relatively easy to understand something.
However, to solve and implement
it is what you call good support.”*

Klaus Bohnet, Customer Management

we
are

.... operating
globally

Our solutions are in use in over 15 languages and more than 100 countries twenty-four-seven. Thereby, more than 50 million documents per year are processed across the globe.

Together with our internationally active customers, we implement global rollouts of our solutions.

Our specialist teams from the four sites in Stuttgart, Cologne, Munich and Hamburg allow for this competent support.

*"No matter which country or which continent –
I will be where the customer needs me."*

Martin Breuer, Customer Solutions

we
are

.... value-oriented

together

Moving

attentive

excellent

we
are

.... aware of the responsibility we have as a company at any time.
Respectful interaction with our fellow humans and our environment
is the basis for our actions.

Year after year, we engage in social projects and support institutions
and initiatives for children in need:

- Weihnachten im Schuhkarton
- Die ARCHE, christliches Kinder- und Jugendwerk e.V.
- Hand in Hand Initiative zur Förderung des Kinder- & Jugendhospiz Stuttgart

*"What makes us stand out?
We see, feel, perceive, understand
and act accordingly."*

Silke Beißwenger, Assistant to the Managing Director
